

## Fraud Prevention and Verification Products from Advanced Data

At Advanced Data we have sought to make creative and appropriate business solutions that are both cost-effective and consumer friendly. With our team's over 14 years of experience in the industry, we have learned the most important service we can provide is making each step of the process as easy as possible for our clients. Just as you

want to help your clients, we want to help you.

Our services are a process, not a product, and our work does not end when we send your ordered product. We encourage continued contact between us and our clients, as we collaborate in our problem solving and determination of future needs.

## Order Income Tax Verification and Verification of Employment

At Advanced Data we have developed sophisticated technology to speed up the Income Tax Verification process, providing access to accurate information as quickly as possible ranging from 1 to 4 years of records. Advanced Data's SOA translated to offering optimal service to mortgage lenders and easing the ever growing burden of requirements while protection the institution from fraud.

We also offer industry leading Verification of Employment (VOE) services through our state of the art relationship with OnePointCity. When you sign up with Advanced Data, you can order VOE services in seconds. The loan process can often take several months, and verifying the borrower's employment status is crucial to the loan closing.

### Advanced Data Products

- Income Tax Verification Services (4506-T)

Tax documents provided by the borrower can potentially be forged; however, collection of information directly from the IRS is key to preventing fraud.

- Verification of Employment Services (VOE)

Verifying the borrower's employment status is crucial to the loan closing. When ordering the VOE you are actually receiving two verifications in one;

1. Immediate employment verification.
2. Second verification one week before closing.
