

AVMs from LPS - Experience You Count On, Quality You Trust

Since 1992, lenders from coast to coast have come to rely on LPS Valuation Solutions - Powered by Hansen Quality, for its in-depth valuation review experience and state-of-the-art capabilities.

LPS Valuation Solutions is the nation's number one provider of Automated Valuation Models (AVMs). AVMs have become a quick and reliable source for determining the value of any property within the U.S.

An AVM is a computerized model designed to simulate traditional appraisal processes

and provides residential property valuations. Consider a few of the benefits of an AVM from LPS Valuation Solutions:

- Order several AVMs with the click of a button for a higher automation rate at the price of just one AVM.
- Quick and reliable estimate of a home's value.
- Information to analyze price trends in the market area.
- Confidence scoring enables more directed and efficient levels of service by a lender.
