

Fight Fraud and Protect Your Company's Valuable Assets

LPS Fraud Solutions is the leading developer of fraud prevention and web-based verification solutions in the United States of America.

Established in 2001, the Miami-based company serves over 2,500 clients and 18,500 users worldwide.

LPS' online suite of fraud prevention tools is powered

by the latest technology and offered to mortgage lenders, banks, credit unions, other public and private institutions for fraud detection and information verification purposes.

LPS Fraud Solutions enables businesses with direct access to a myriad of up-to-the-minute data sources for making smart decisions.

VERIFICATION SOLUTIONS

- Income Verification (4506T) from 1-4 years available
- Employment Verification (VVOE)
- SSN Identity Verification (SS89)

More Information - Less Risk with LPS Fraud Solutions

Mortgage Fraud is the nation's third highest financial crime, and financial institutions are reporting losses in the billions. Mitigating your exposure to and losses from fraud is critical to your success.

Identifying potential borrower misrepresentations before funding a loan or approving a loan modification is essential to any fraud mitigation or risk strategy. LPS Fraud Solutions

offers products to help address these issues.

LPS' suite of mortgage fraud prevention tools provides reliable and fast information that enables lenders to make mission-critical decisions through the lending and loan modification processes. Hundreds of lenders nationwide rely on these solutions as their primary shield against falsified income, identity fraud and employment misrepresentation.

Income, employment and identity verifications are all critical to a successful loan modification. But, they are all labor intensive. Partner

Identity Verification	Paperless solutions
Income Tax Verification (4506T)	50% faster turn-time than industry standard
Verbal Verification of Employment (VVOE)	Multiple integration options
	Dedicated client support

with LPS to automate these processes, mitigate risk and improve response times – all of which free up your resources to focus on completing more modifications.

LPS Fraud Solutions
Now your strongest ally in the fight against fraud
